

## ENGINEERING UPDATE

9/26/2023

### **JEWEL LANE, ROY STREET AND HOLMES STREET**

Jewel Lane has been paved and all work is complete except grassing. The contractor is now working on Roy and Holmes and are approximately 50% complete.

### **OLD JACK ROAD**

This road has been paved. The remaining items to be done are the signage, stop bars and raised reflectors.

### **WOODCREST SUBDIVISION**

The contractor is currently working on installing the drainage pipe and subgrade. They are approximately 50% complete.

### **CHAVIS ROAD**

This project is out for bid. A Pre-bid meeting will be held at 2:00 on October 6 in the Agriculture Building and bids will be opened at 2:00 on October 20 in the same location.

### **SANDY HOOK ROAD**

The bids were opened on September 8. We only had one bidder in the amount of \$840,637. The bid was evaluated by us and Dennis Corp and all unit prices were fair and within reason per current construction costs. If the committee would like to proceed, \$967,000 would need to be appropriated to cover the costs of construction, unforeseen conditions and contingencies.

### **WILLOW CREEK CIRCLE**

The bids were opened on September 8. We only had one bidder in the amount of \$736,348. The bid was evaluated by us and Dennis Corp and all unit prices were fair and within reason per current construction costs. If the committee would like to proceed, \$861,000 would need to be appropriated to cover the costs of construction, unforeseen conditions and contingencies.

### **BALIN ROAD, THOROUGHBRED RD AND TRUCKER LN,**

This design is complete but the DHEC permits have not been approved yet.
